6) On 16th September 1963, I inspected the forest land asked for by the landless harijans of Vittalapura in Sandur Taluk. When I toured Sandur Taluk in November 1962, I happened to visit Vittalapura and heard their representation. They said that for generations, they have been eking out their livilihood by doing labout work in the field and without sufficient means, they have been enduring poverty. They further said that their welfare and emancipation from this bondage was neglected by the Ruler and prayed that the grant of forest land would help them to free from the enduring poverty and improve ehtir living conditions. The forest asked for and which I inspected can hardly be called a forest. There was no tree growth. Before the merger of

Dated:November: 15th ,1962

The Hon'ble Minister for Forests,
Government of Mysore, Vidhanasoudha,
Bangalore.

Hon'ble Sir,

Sub:- Mahajar petition of the land less poor Harijans of Vittalapura for transfer of about four hundred acres from the forest reserved lands of Vittalapura and assignment submitted for favourable consideration & orders - immediately - inthe interest of justice., -

We, the Harijans of Vittalapura village of Sandur taluk, Bellary District, humbly beg to represent the following few facts for favour of your kind and sympathetic consideration and favourable orders immediately in the interest of justice.

We submit that the total acreage of land is about 3,627.89 acres and the uncultivable paramboke land on account of hallas; public rasthas; and narrowness is about 288.40 acres and the total extent of land reserved forests is about two thousand forty one acres and ninety five cents and the village of Vittalapura in Sandur Tq., Bellary District., and only an extent of 1186.69 acres is cultivable by the ryots of the village and the pupulation of the village is about 1,090 and as such each individual gets one acre for cultivation and as such the caste-hindus are not having more lands to lease out to the other communities, and as a result thereof the Harijans have no lands for cultivation purposes.

We submit that we have got about 30 to 40 families with a population of 250 and we have been doing agricultural cooly work from time-immemorial and eke out our livelihood and we are not sure of the cooly work on account of the prevailance of the famine con-ditions in the village now and then, and with a greatest difficulty we are running our families in these hard days. Our plight has become very miserable and it is beyound description.

We submit that we are all landless poor harijans and we entirely depend upon agricultural work only but unfortunately we do not have either patta land or any paramboke land for cultivation for earning out our livelihood.

We submit that the benign

the benign government of Central and the Mysore Governments distributing the government paramboke lands for cultivation and settlement to the land ess poor harijans for cultivation and - settlement on the said lands but unfortunately the extent of the paramboke land in our village which is about 288.40 is unfit for any cultivation on account of nallas; public rasthes and narrow -ness and as such this land if assigned is absolutely of no use to us.

We submit that the reserve-forest area is 2,041.95 and this extent is surplus and excess to the needs of the forest depart - ment and vast extent of this land is being unused by the forest department itself and as such about four to five hundred acres of land can easily be deleted from the Forest Department to the - Revenue Department and can easily be assigned to all the Harijans families of the village without any difficulty.

We, therefore request the Hon'ble Minister for Forests and the HonIble Minister for Revenue to consider the facts repre - sented supra sympathetically and to kindly sanction the diversion of about 500 acres of land from the forest department to the Revenue department and then distribute this extent of land on assignment to all the harijans families of the village at an early date in view of the above representations, for this act of kindness we shall ever pray.
